

Coronavirus (COVID-19) **Important Update**

March 15, 2020 at 7:15 p.m.

The Government of Alberta has cancelled all K-12 classes in Alberta effective immediately and students are expected to stay at home. We will share further updates with parents directly at approximately 6:00 p.m. tomorrow and this will also be posted on our website.

- All Chinook's Edge schools are closed to all K-12 students.
- Buses will not be running.
- Please wait for clarification on when you can pick up your child's belongings. A process will be outlined later in the week.
- We will still be moving teaching and learning forward in our division. This will look different at different grades and in different schools. We will be sharing the plan with you once it becomes available.
- We will share new information and updates as they become available.

Our school and division leaders will continue monitoring this situation and guiding how we move forward. We know this is a challenging time - please take care of yourself and each other.

Kurt Sacher,
Superintendent of Schools
