

Tireless Transportation Department!

Winning message - Jonas Hofer, Grade 5 student at Rainbow Colony School, was awarded Honorable mention during the Alberta School Bus Safety Week poster contest.

On the road again! After two years of having the event cancelled, the local 'School Bus Road-eo' took place in Red Deer on Saturday. Chinook's Edge school bus drivers joined 22 others from Central Alberta to test their skills and navigate through 11 obstacles. The top three drivers in Chinook's Edge were: Kelly Frere (first place), Roseanna Martin (second) and Linda Drover (third), who will all head to the Provincial Road-eo in Nisku on June 4. We appreciate all of our drivers in Chinook's Edge - thank you for sharing your great skills with our students!

Thank you! The Transportation Department shared some gratitude and a bit of Chinook's Edge swag with drivers throughout the division on School Bus Driver Appreciation Day last Monday. Sundre drivers stopped for a photo, and schools ensured our bus drivers were acknowledged for the important role - not only the priority for safety, but also for the safe and caring tone they set for a student's entire day.

Full gallery - Transportation Director Corinne Varga sits amidst a jam-packed art display of student entries into the annual Bus Safety Poster Contest. Division Office showcases student artwork outside the Boardroom each month and, while most displays arrive from schools, the Transportation Department was very enthusiastic to bring in the many inspiring posters they received this year. We are very glad they did!
