

# FUTURE LEADERS IN AGRICULTURE

**The Future Leaders in Agriculture Summer Camp is a three-day immersive program offered free of charge to approved high school students in grades 10 to 12 who are passionate about agriculture, agriculture technology, sustainability and leadership.**

Presented by Olds College and Chinooks Edge School Division, the camp will develop students' leadership skills that they will be able to carry into any career path. Participants will be exposed to modern agriculture and its challenges, career opportunities within agriculture and how Olds College programming equips students to solve real-world problems.

Upon completion of the camp, participants will leave with three high school credits in summer school and **receive a \$1,000 scholarship** towards future Olds College enrolment.

## Three-Day Overnight Camp

Participants will experience life as a college student living in residence at Centennial Village. Explore what the campus has to offer, including the Olds College Smart Farm, Botanical Gardens and Constructed Wetlands.

## Hands-On Learning

Participants engage in activities and demonstrations such as crop cultivation, livestock management and sustainable farming practices.

## Industry Expert Sessions

Professionals from fields like agronomy, animal science and agri-tech share insights into careers and innovations.

## Leadership Development

Workshops on communication, team-building and decision-making empower students to lead in diverse settings.

## Campus Tours

Students enjoy tours of Olds College campus, Smart Farm and Olds College Centre for Innovation.

## Innovation Challenge

Teams of participants tackle a real-world agricultural problem and present solutions to a panel of experts.

## AgSmart

As part of the camp curriculum, students get to explore **AgSmart 2025**, a cross campus educational agriculture expo featuring live equipment and technology demonstrations, educational sessions and exhibits discussing emerging trends in the agriculture industry.
