# HIGHLIGHTS, PLANS, ASSUMPTIONS AND RISKS SUMMARY- 2025/2026 BUDGET REPORT

The following were presented to the Board and approved as underlying the budget. These key points and assumptions used in development of the budget take into

consideration the economic environment of the jurisdiction, focus on anticipated changes from current year, and are realistic and consistent with the three year

Education Plan. At a minimum, they disclose key budget assumptions, financial & business risks, and specific strategies explaining how this budget will support the jurisdiction's plans.

### Budget Highlights, Plans & Assumptions:

The 2025 - 2026 Chinook's Edge School Division (CESD) budget has an operating deficiency of \$591,647.

The budget is based on a number of key budget assumptions. The assumptions are based on the best information available at the time the budget was prepared. If, during the course of the year, the actual results differ from the budget assumptions, we may need to make some course corrections to comply with the government's restrictions on use of reserves or we may need to make a request to the Minister for additional use of reserves. Some of the key budget assumptions are: Alberta Education funding is as indicated to us in March 2025.

Transportation, Operations and Maintenance, and Inclusive Education funding will be spent in their respective areas. Investment income in excess of amounts that are required to be allocated to Infrastructure Maintenance and Renewal, scholarships and endowments, capital projects, and school generated funds, will be allocated to Instruction. Excess interest is estimated at \$165,500. Fees of \$705,000 were needed to balance the Transportation budget.

### Compensation:

Certificated salaries include an estimate for grid movement ASEBP rate increases, a CPP rate increase, and for the yet to be negotiated memorandum. This amount could vary de- pending the number of retirements, and the number of new teachers hired.

Support staff budgets include an estimate for grid movement, ASEBP rate increase, and a CPP rate increase and Board approved grid increases.

Board governance and system administration expenses are expected to remain within the \$4,424,967 provided for administration. Total system administration does not include the government's contribution to ATRF.

2025-2026 CESD's budget includes new busses and to accomodate the privincial change in eligibility to students being tranported to the school. The Division has also factored in expenses for the social and emotional wellbeing of students and staff.

## Significant Business and Financial Risks:

The Division's primary source of revenue is from the Alberta Government, which means that our viability and sustainability is largely dependent on this funding. As a result of Bill 5, operating reserves can only be used with prior approval of the Minister. If, during 2025-2026, the Division needs to spend more than budgeted, or make adjustments due to funding changes, without offsetting savings resulting from modified program delivery, the Division will have to make mid-year spending adjustments or will need to request approval from the Minister to spend additional reserves.

# **DETAILS OF RESERVES AND** MAXIMUM OPERATING RESERVE LIMIT EXEMPTION CRITERIA

### for the Year Ending August 31, 2025

This template is designed to provide information about your school jurisdiction's reserves and to assist you in determining if you need to submit a letter requesting an exemption to exceed the maximum limit of Operating Reserves to the Minister. It has been split in to two parts, Part 1: exemptions (Row 21 - 51) and Part 2: transfers between operating and capital reserves (Row 52 - 67).

#### Complete Part 1 if over 6% in cell B24. Check for flag in cell E27.

Part 1: As per the 2024/25 Funding Manual, a formal request for an exemption to exceed the 2024/25 maximum operating reserve must be approved by the board and submitted to the Minister. If a reserve request to exceed the limit is required, please submit your formal letter by November 30, 2025. This tab should be attached as a supplement to your formal request. School jurisdictions who are projecting their 2024/25 operating reserves to be over their 2024/25 maximum limit, which is based on 6% of school jurisdiction's 2023/34 total expenses, and intend to submit a formal 2024/25 exemption request must complete Section A (if a 2023/24 exemption request was made and Ministerial approved) and Section B, explaining the rationale for an exemption and demonstrating when operating reserves will be drawn down below 6% over the subsequent school years.

#### Complete Part 2 if projecting transfers between operating and capital reserves.

Part 2: If your school jurisdiction is projecting to transfer between operating and capital reserves for the 2024/25 and/or 2025/26 school year, please complete the section under Row 52. The transfer amounts reported should agree with the 'AOS' tab. Please note that a letter requesting Ministerial approval is required to transfer from Capital to Operating Reserves.

#### SECTION A: 2023/24 EXEMPTION REQUEST

| Cell E29 reports your school jurisdiction's 2023/24 Ministerial approval exemption amount over your 2023/24 maximum limit. | Not Applicable |
|--|----------------|
| Cell E30 shows the school year you planned to return below the limit, as per your 2023/24 exemption approval.              | Not Applicable |

If you've been approved for a 2023/24 exemption and will be requesting an exemption for 2024/25, please provide the following details below: Have you followed the drawdown plan from your 2023/24 exemption request? If yes, please outline what has been achieved. Please indicate the \$ figure amounts and initiatives.

If not, please explain any deviations from the original plan and the reasons for the changes.

### SECTION B: (MAX LIMIT EXEMPTION CRITERIA)

\$ Please provide **detailed rationale** and planned usage for operating reserves in excess of the 2024/25 maximum: Please note that this does not constitute as a Ministerial request for approval. An exemption request letter submitted to the Minister is still required for an exemption for the 2024/25 school year.

Provide a detailed drawdown plan to illustrate how and when the reserve balance will be below 6.0%.
